

GOOLAWAH CO-OP

G 20 Celebration (October)

G – WEEK SURVEY

The theme for the G 20 Celebration is:

“What does living at Goolawah mean to you?”

We are hoping to put on a performance for the final night of G-week celebrations. We want to involve as many members as possible.

Can you perform a song, poem, skit etc or any presentation? Individually or as part of a group performance (help/assistance with other performers eg – back up musicians, can be arranged).

Here are some ideas to get you thinking. Does living on Goolawah mean to you :-

- living close with nature, native animals or living close to beaches.
- reducing our ecological footprint by living a more sustainable life.
- using solar energy, composting toilets.
- being inspired to be artistic; paint, write, sculpture, craft. You could compose a short play around your artwork (we can help you with that).
- being free from worries such as a mortgage or monthly electricity bills.

- experiencing the up and downs, the privileges and difficulties of community living with people that you share similarities and differences with
-anything that is important to you

1. Please give a short description of what you want to do and what equipment or help you might need. Name:

2. Would you like to join a group of members who are going to perform a play that combines the above acts into an overall story that describes “What it means to live at Goolawah.” Describe what you would like to contribute to this group.

3. Do you have children who would like to be involved in a children's drama that will be around their dreams (travelling the world, becoming an animal rescuer, etc.) and passions (sports, dancing, crafts, stories, etc.). Also list your own name if you would like to be involved in this activity.

To organise this event more clearly we will plan a creative brainstorming gathering (Date TBA) at the Camp Kitchen and some rehearsals will be necessary.

Please return this survey to the G-week committee either electronically or hard copy (Laz, Noemi, Craig)
