

I hereby nominate to be a director 2021-22 and I meet the required qualifications for this position. I've been a member and lived at Goolawah co-op for 5 years and attended 3 directors meetings as an observer, I feel I have gained a marginal insight to the legal obligations we are required by law to adhere to.

Also during this period I've been involved in various community activities and projects, predominantly to do with the running and maintenance of our machinery. For the good of Goolawah to prosper and be a safe and harmonious environment for us all.

Regards,
Ralph van Hulst
