Subject: Request for Exemption to Bylaw 7

To the directors of Goolawah,

I'm writing to request an exemption from Bylaw 7 to allow for a trial of keeping cloven-hooved animals (2 sheep). My aim is to demonstrate that with a strong and detailed ISMP and community majority vote, these animals can be managed responsibly and bring value to the community without negative impacts.

If the trial is successful, it could pave the way for a possible amendment to bylaw 7 in the future. We are committed to managing this trial responsibly and working transparently with the community to ensure a positive experience and its success.

I have also updated the ISMP a touch, so please find it attached.

Please let me know if further details or discussions are needed before voting on it at the next GM.

Regards,
The Tribe
